

EASCON 1972

OCTOBER 16, 17, 18, 1972
MARRIOTT TWIN BRIDGES
MOTOR HOTEL
WASHINGTON, D. C.

Honorable Richard Helms
Director, CIA
Washington, D. C. 20505

Dear Mr. Helms:

We would like to take this opportunity to personally convey our appreciation for your interest in and support of EASCON-72. Also, we now have copies of the Advance Program available and are enclosing a copy for your use. Since the initial distribution was based on established EASCON lists, you may not have received one directly.

The program committee is pleased to have been able to assemble a novel and challenging program of papers, in both the open and classified sessions, plus outstanding guest speakers. Since the program will be of interest to many outside the Group on Aerospace and Electronic Systems, and to assist us in publicizing the conference to achieve broad attendance, you may wish to circulate or post the program locally.

We look forward to seeing you and your associates at the EASCON conference.

Sincerely,

M. J. Raffensperger
M. J. RAFFENSPERGER
Chairman, Technical Programs

H. A. Schulke, Jr.
H. A. SCHULKE, JR., Brig Gen, USA
Associate Technical Program Chairman
(Classified Sessions)
